

TITLE: Traditional games: bottle tops

OBJETIVES:

- To know different popular and traditional games and put them into practice
- To know different ways of using the material of daily life
- To enjoy the game with respect of others, valuing the game for use in free time
- To practice various games developing attitudes of tolerance and respect
- To develop basic skills by actively participating in the game

MATERIAL: Bottle tops are required

Step 1: draw with chalk in the concrete floor a trajectory like a formula 1 circuit

Step 2: obstacles are drawn to overcome with the bottle tops

Step 3: there are 3 players, each one with a bottle top.

Step 4: in turns, from the starting point, each player throws the bottle top until the circuit is completed

The first to reach the finishing line wins.

If you come out of the circuit you have to throw again from where you were

If you fall in jail, you miss a go
