TITLE: DESIGN A TREASURE MAP AND PLAY A FINDING TREASURE GAME

OBJECTIVES:

- To enable them to use direction information.
- To be able to understand the instructions given and act accordingly.
- To understand the need for cooperation to achieve the goal.

MATERIALS: treasure map

STAGE 1: This game will be played in the school garden. So the students will be at the school garden.

STAGE 2: Children will be divided into groups of three or four and a leader will be chosen for each group.

STAGE 3: Maps will be distributed to the groups

STAGE 4: Each group will start the game by starting from the same point and paying attention to the directions.

STAGE 6: The first group to find the box that has been prepared and hidden in an area determined by us will win the game.
