

Title: Painting with M and M`s

Objectives:

- developing children's creativity;
- stimulating the imagination;
- being familiarized with an interesting art technique – “sponge painting”.

Materials and equipment:

(for each student) M&M`S chocolate candies, white sheet of paper, sponges of different sizes, tissues.

Stage 1: The teacher prepares the necessary materials for the students in class the boxes, the sponges, the candies, sheets of paper, tissues for each student.

Stage 2: The teacher makes a demonstration in front of the students about candy painting. The teacher mixes the resulting colours after dissolving the candies, using several techniques: the technique of sponge, the napkin technique, crumpled paper and crepe paper. To paint an image on a sheet of paper, students use their imagination to create different shapes and colours.

Stage 3: Students begin to dissolve the candies in the water under the close supervision of the teacher and from the resulting colours the students create different paintings using the sponge technique.

Stage 4: At the end of the activity, the teacher uses the ,gallery tour,, method, in order to present a small exhibition with the works of the students and expose them on the walls.

Hint. Students can taste the working material! (M and Ms)
