## **TITLE: TOY CAR LAUNDRY**

### **OBJECTIVES:**

- Development of manual skills.
- Develop creativity and stimulate imagination.
- Experiment with different recycled materials.
- Make a craft of an everyday object.

### **MATERIALS:**

- **A cardboard box.**
- **6 cardboard toilet paper tubes.**
- **5 pipe cleaners.**
- **Colour cardboard.**
- **Toy cars.**

**STEP 1: Two rectangles are cut out at the ends of the box.**

**STEP 2: The students have to wrap the toilet paper cartons with colored cardboard.**

**STEP 3: 2 cartons of toilet paper are glued to each end of the box.**

**STEP 4: The students have to make 3 holes on each side of the box.**

**STEP 5: The 2 remaining toilet paper cartons are glued, forming a longer one.**

**STEP 6: A pipe cleaner is inserted into the glued cardboard and placed in the center of the box, pulling the ends out through the holes.**

**STEP 7: The other pipe cleaners are inserted through the holes and into the toilet paper cartons.**

**STEP 8: Students should cut out cardboard strips and place them in the two rectangles that they cut out in the box.**

**STEP 9: The craft ends with a car wash sign that the children have to stick on the box, and the placement of some toy cars.**
